Compliance at Renewal

Check or enforce CE compliance at the time of renewal

- Licensees attempt to renew online
 - The licensing database may query CE Broker in real-time to check for current compliance status
 - If licensees reflect as non-compliant, the board may: 1) Issue a notification that they may proceed with renewal but could be audited 2) Prevent the licensee from renewing until requirements are met
-  Connect data across the licensee's ecosystem to make renewal simple
 -  Increase visibility into population
 -  Increase compliance for licensees
 -  Decrease potential fraud by making CE compliance more transparent
 -  Promote and foster professional development

The Licensee Experience

Partnering to power professional progress

Designed for the busy licensed professional

Mobile app

Check compliance status and report CE from their mobile device.

Track multiple licenses

Manage renewal requirements across multiple licenses in one place.

Store documents

Keep secure backups of all certificates and other required documents to access any time.

Complete course history
