f. LCMFT Clinical Supervision Hour Summary

BSRB Statutes and/or Regulations

Regulations relevant to clinical supervision hours:

[K.A.R. 102-5-1 \(c\)](#) [K.A.R. 102-5-7a](#)

Complete **all** minimum requirements in no fewer than two years and no more than six.

3000 total hours of supervised clinical experience

- 1500 hours – Direct Client Contact
- 1500 hours – Professional Hours

1500 hours of “Direct Client Contact”

- **At least 1500** hours MUST be Direct Client Contact:
 - Face to Face (in person or electronically)
 - Individual, Family or Group service to client system
 - Conducting Psychotherapy, Diagnosis (although the diagnosis does not have to be official) and Assessment

1500 hours of “Professional Hours”

- Activities that support/enhance your work with clients
 - Prep for sessions, documentation, research
 - Trainings or CEUs – only if they are directly related to the client population you serve.
 - Consider the work-related activity you are performing. View it through the lens of “am I doing this thing because of the clients I saw for the client contact?” If the answer is yes, then it can most likely be counted in the indirect client contact.

Complete 100 total hours of Clinical Supervision

- Must meet for at least 1 hour of supervision for every 15 hours of direct
- All supervision is face-to-face, either in person or, if confidentiality is technologically protected, by synchronous video conferencing
- If extenuating circumstances are present, the board may approve supervision that is not face-to-face
- 50 hours of supervision (out of 100 total required) must be individual supervision

- (and at least 50 of these 75 hours have to be in person)
- Must have at least 100 supervision meetings

g. Training Plan Amendments

BSRB Statutes and/or Regulations

In pertinent part, [K.A.R. 102-5-7a \(h\)](#) **All** changes to the clinical supervision training plan shall be submitted by the supervisee to the board for its approval. The changes shall be submitted no more than 45 days after the date on which the changes took effect. If the supervisee fails to submit the changes to the board within that 45-day period, no supervised hours of practice shall be accrued or credited for any practice, beginning on the date the changes took effect through the date on which the changes to the plan are approved by the board.

The following forms are for the most common changes to a training plan. The supervisee must submit **All** changes to the board for approval, not only those covered by these forms.

8. Writing A Clinical Supervision Training Plan

HOW TO WRITE A CLINICAL SUPERVISION TRAINING PLAN

1. Will you be using the DSM-5 in diagnosing clients?

Indicate which version of the DSM you will be using. Note: Providing diagnosis is required as part of the supervised clinical experience. It does not, however, require the diagnosis be official and placed in the client's file. For those work settings where the supervisee may not provide an official diagnosis, the supervisee must have the opportunity to provide a diagnostic impression and defend that diagnosis during supervision meetings.

2. Please list some specific diagnoses you expect to treat.

Provide examples of the DSM diagnoses you expect to encounter as part of your supervised clinical experience.

3. What are the anticipated types of clients to whom you will be providing services?

Provide examples of the client population you anticipate treating at your approved work site

4. What services will you be providing to clients?

Provide examples of the services, both clinical and nonclinical (if applicable) you will be providing to clients at your approved work site.

5. What are some theories of psychotherapy you plan to use in treating clients?

Provide examples of theories of psychotherapy that would be relevant for the client population you will treat.

6. What dates are expected to be covered with the Supervision Training Plan?

On what date do you anticipate beginning to accrue hours towards the LCMFT? On what date do you anticipate accruing all the required hours and supervision meetings?

Note: The training plan must be approved by the board before post graduate hours can begin to be accrued. The training plan approval date will be backdated to the date it was received by the board.

7. List your clinical supervision goals and briefly describe how you will attain those goals. Be sure to review the definition of clinical marriage and family therapy and incorporate into your goals. [See K.A.R. 102-5-1(c)] Also, include goals that relate to diagnosis and treatment of mental disorders. Include a description that specifies how you will meet the requirement to provide 1500 hours of psychotherapy and assessment.

(c) "Clinical marriage and family therapy practice" means the professional application of marriage and family therapy theory and methods to the treatment and prevention of

psychosocial dysfunction, disability, or impairment, including behavioral, emotional, and mental disorders. Clinical marriage and family therapy shall include the following:

- (1) Assessment;
- (2) diagnosis of mental disorders;
- (3) planning of treatment, which may include psychotherapy and counseling;
- (4) treatment intervention directed to interpersonal interactions, intrapsychic dynamics, and life management issues;
- (5) consultation; and
- (6) evaluation, referral, and collaboration.

8. Outline your supervisor's responsibilities in relation to these goals and objectives.

How will your supervisor will help you attain the goals listed in number 7.

9. Outline your responsibilities in relation to these goals and objectives.

For you to achieve these goals what must you do?

10. Describe your plan and your supervisor's plan for the documentation of the date, length, method, content, and format of each supervisory meeting and your progress toward the learning goals.

Provide a sample form indicating how you will document this information.

11. Answer the following questions regarding your supervision:

- a. Describe the schedule for supervision.
- b. What is the ratio of supervision to direct client contact that you will receive?
- c. How many supervision hours will be individual?
- d. Will you receive group supervision? If so, how many supervision hours will be done in group? Also, how many supervisees will be in the group?
- e. What is the total number of supervision hours you will complete?

12. Describe the plan for documenting your progress toward meeting the required 3000 hours of supervised clinical experience, to include the 1500 hours of direct face to face client contact providing psychotherapy and assessment services.

Provide a sample form indicating how you will document this information.

13. Describe the plan for evaluating your progress in supervision. Periodic written evaluations are encouraged.

How will your clinical supervisor evaluate the supervised clinical experience? How often will you be evaluated? It is recommended that the evaluations be dated and signed by both the supervisee and the supervisor

14. Describe the plan for notifying the clients that you are practicing under supervision, the limits of confidentiality under supervision, and the name and contact information for your supervisor.

Include how you will notify clients of the above information. Additionally, you must provide all clients (not only those who ask) with written contact information for your clinical supervisor.

15. Describe the process for renegotiating this plan if warranted, including the need to submit all changes to the board office within 45 days of the change.

All changes (all means all) must be submitted to the Board in writing within 45 days of the change. Before you may accrue any hours based on the change, you must receive written approval from the Board

16. Describe the process for remediating conflicts between yourself and your supervisor.

When a conflict arises how will it be dealt with? Who might need to be called upon to aid in conflict resolution?

17. Describe the contingency plans for missed supervision sessions, and supervision while your supervisor is unavailable. Should there be an emergency or crisis and your primary supervisor is unavailable, to ensure supervision is available at all times, provide the name of an emergency supervisor.

An emergency supervisor is someone you would contact in an emergency or crisis if you could not contact your approved clinical supervisor. He/she can be anyone who is clinically licensed because you will not be accruing any supervision towards the LCMFT with this person.

A back up supervisor is someone with whom you would meet for supervision if your clinical supervisor is unavailable, either because of an unplanned or extended absence. This person must be approved in writing by the Board.

Please note: Anyone whose name is provided in your answer to this question is **NOT** automatically approved to provide supervision. No hours accrued under this supervisor (or supervisors) may be used toward the required hours for the LCMFT unless he/she is approved by completing section IV, V and VI of the training plan or by submitting a training plan amendment after the training plan has been approved. Any supervisor with whom you wish to accrue hours towards the LCMFT must be approved by the Board. Approval is provided by submitting the appropriate documentation to the Board.
