

FILING OF CLINICAL SUPERVISION TRAINING PLAN

In order to begin accruing hours and working toward the LCAC you must submit a training plan for pre-approval to the Board.

The Board strongly recommends that you receive a broad based, varied work experience during your supervised postgraduate experience.

- You must be licensed as a master's addiction counselor or licensed as an addiction counselor and have earned a master's degree in addiction counseling or a master's degree in a related field, approved by the Board, before submitting your training plan for approval to begin counting supervision hours.
- There is no fee to file a Clinical Supervision Training Plan.
- The Clinical Supervision Training Plan needs to be completed by you and your supervisor(s).
- You and your supervisor(s) will need to read the statutes and regulations prior to completing the training plan. Please see K.A.R. 102-7-6 for supervision requirements and clinical licensure requirements. The regulations may be found on our website www.ksbsrb.ks.gov
- **Attach an official job description with your training plan.**
- If you intend to use interactive video or other telephonic means for a portion of your supervision you must provide written verification of the technological security measure implemented to protect confidentiality.
- You must receive approval, in writing, from the Board before you may begin counting supervision hours.
- You will be notified in writing by the Board office within 30 days regarding approval of your training plan. If you have not received notification within 30 days, please contact the board office.
- Once the training plan has been approved you must notify the Board of any changes. Any changes to the approved training plan must be submitted **within 45 days of the change** or the hours accrued during that time period will not be counted.
- All supervision requirements must be completed in not less than two years.
- When all the supervision requirements have been completed you may apply for the LCAC and take the exam. If you have previously passed the MAC exam you will not be required to take the exam again. You are not required to apply for the LCAC or take the exam within a specified amount of time.
