

INSTRUCTIONS FOR FILING OF CLINICAL SUPERVISION TRAINING PLAN

To begin accruing hours and working toward the LCSW you must submit a training plan for pre-approval to the Board.

The Board strongly recommends that you receive a broad based, varied work experience during your supervised postgraduate experience.

- There is no fee to file a Clinical Supervision Training Plan.
- The Clinical Supervision Training Plan needs to be completed by you and your supervisor(s).
- You and your supervisor(s) need to read the statutes and regulations prior to completing the training plan. Please see K.A.R. 102-2-8(d) and 102-2-12 for supervision requirements and clinical licensure requirements. The regulations may be found on our website www.ksbsrb.ks.gov
- Attach an official job description with your training plan. If your work site is a private practice you may write your own.
- If you graduated with an MSW after July 1, 2003, you are required to complete the grid related to coursework. Per regulation, 15 hours of graduate level social work coursework related to diagnosis and treatment of mental disorders must be completed. **Graduates from the University of Kansas, Washburn University, Wichita State University, Newman University, University of Missouri Kansas City, Missouri State University and Park University are required to complete the coursework but are not required to submit the grid because these schools have provided us with a list of coursework that meets the education requirements.**
- If you intend to use videoconferencing for a portion of your supervision you must provide written verification of the technological security measure implemented to protect confidentiality.
- You must receive approval, in writing, from the Board before you may begin counting supervision hours.
- You will be notified in writing by the Board office within 30 days regarding approval of your training plan. If you have not received notification within 30 days, please contact the Board office.
- Once the training plan has been approved you must notify the Board with any changes. Any changes to the approved training plan must be submitted **within 45 days of the change** or the hours accrued during that time will not be counted.
- All supervised clinical experience requirements must be completed in not less than two years and no more than six years. If you have not completed the supervision requirements within the six year maximum, your accrued hours will begin to drop off month by month.
- Once all the supervision requirements have been completed you may apply for the LCSW and take the exam at any time. You are not required to apply for the LCSW or take the exam within a specified amount of time.
